

We are pleased to announce that we have recently joined forces with one of the nation's leaders in healthcare. As of July 1, 2010, National Healthcare Review has acquired the Complete Coding Solutions Company. Ms. Robin Lumbert, RHIT, will lead the Coding Division and contribute her vast knowledge and experience to our organization and clients. This will enable us to further expand our services and continue to provide exceptional coding expertise, as well as offer additional clinical-financial auditing services.

In the clinical-financial auditing business for over 35 years in more than 150 hospitals, NHR continually strives to improve its services for our valued clients, bringing highly experienced professionals and new technology resources to your disposal. We employ over 200 healthcare professionals whose expertise includes patient accounting, nursing, and health information management. We will continue to offer a wide range of clinical-financial auditing solutions that include:

- Revenue Management Process Improvement
- Charge Capture Review (Concurrent/Retro)
- Insurance Defense Audit
- Appeals & Denials
- Managed Care Review
- Coding and CDM Reviews
- Interventional Radiology and Cardiac Cath
- Medicare Recovery Audit Contract (RAC) Program Support
- Staff Education

Be assured that our current services will be improved and enhanced as a result of this new acquisition. We appreciate your business and look forward to many years of continued service.
